The Pequeños are welcomed in the NPH larger family, receiving food, medical treatment, love, formal and professional education in order to break the cycle of poverty. Haiti is one of the least developed countries in the world and the Fondazione Francesca Rava - N.P.H. Italia Onlus supports funds all N.P.H. projects as well as specific projects, including: 3 hospitals and 2 centers for children with special needs, 3 orphanages, 30 schools, a professional training center – Francisville-, programmes for food distribution and reconstruction after the 2016 flooding. All these activities are carried out under the guidance of Fr Richard Frechette, a priest and doctor on the front line, who has worked in Haiti for 26 years as the head of N.P.H.

### **TOGETHER, WE CAN REBUILD NEW SCHOOLS**

With this charity gift for Christmas, we want to continue to support the children that were affected by the earthquake in 2016 in Central Italy. In 9 months Fondazione Francesca Rava N.P.H. Italia Onlus, delivered 6 schools: 1 in Arquata del Tronto, 3 in Norcia and 2 in Cascia. The Civil Protection and the Special Commissioner for the Earthquake Reconstruction 2016 asked us to help building 2 more schools: we are now raising funds to build 2 new nursery schools, in the Regions of Umbria and Marche, in collaboration with the local institutions. The schools will be donated to the local communities.

### **EGGI, MUNICIPALITY OF SPOLETO, UMBRIA**

Eggi is a medieval village near Spoleto, in the heart of Umbria. The Municipality of Spoleto has already approved the preliminary project and the construction of a pre school building for 24 children will start soon.

### **PIEVE TORINA, PROVINCE OF MACERATE, MARCHE**

The Pieve Torina Kindergarden project of Università di Camerino.

Pieve Torina is a village with 1500 residents, where the 90% of the facilities have been declared inaccessible. We have started a partnership with the University of Architecture of Camerino for an innovative architectural project. We will construct a pre school building for 40 children: a beautiful and safe place, built with natural materials (wood and straw), with the local community.
