Bluetooth® **EVO**

Adjust the position of the microphone by deforming the boom and insert it in the relative seat indicated by the symbol of the microphone on the shell left side.

WARNING: check that the triangle on the microphone is facing the mouth.

Before assembling the cheekpads, pass the remote control with its flat cable in the slot in the left cheekpad's pp plate.

Assemble the inner linings making sure that the microphone, remote control and USB cable are accessible from outside the helmet.

House the cable that connects the right speaker to the left behind the rear cushion.
