1.

Remove both cheek pads and place the connecting cable between the left and right speaker under the rear cushion.

2.

Place the right speaker (R) behind the cheek pad at the holes using the velcro on the back of the speaker.

3.

Repeat the operations for the right speaker (R) to position the left (L).

4.

Snap in the cheek pad's buttons on both sides paying attention to not "pinch" the cables.
